Draft Submitted

Ordn 51 Hrm 19.9.13. By 49. Draft is submitted as required in para 47. It is however a point for consideration whether it may issue in its present form, the view of the fact that the Senior Surgeon is the head of the department in which these officials in question are working, and whether it will not be enough to request the Senior Surgeon to report on the practical work & general efficiency of the Sub Asst Surgeons in question, leaving it to him to choose the data for formulating his opinion.

It is not improbable that he will pursue the Course prescribed in the Draft.

Hrm 22/9.

50. Dr Lee)

Some misgivings in well-informed circles are entertained as to the efficacy of the products of the National College. And in view of the circumstance that this College is not recognised by the Govt of India & that the Dean thereof has practically refused to supply the information asked for, there is significant necessity for probing the matter to its very bottom.

51. Hence it is necessary to peruse the very views of the immediate superiors of the Sub Asst Surgeons concerned and the special cases comprised in the

2

To

The Director-General

Indian Medical Service.

Most Respected Sir,

e, the Hospital Assistants now styled Sub-Assistant Surgeons of Mysore Province most respectfully beg to approach your esteemed self with the following consideration, and ardently hope that it may meet with encouragement at your hands.

We enter recognised Medical Colleges and Schools of British India after a prescribed educational qualification and undergo a system of professional course for four long years. Whereas the students who have to pass the National L.C.P.S., and L.M.S. examinations of Calcutta have no prescribed educational qualification before entering upon the so-called L.C.P.S., and L.M.S., studies of Calcutta National Colleges and Schools, and their training and Professional Course at the School or College is far below that prescribed in British Medical Colleges and Schools.

Men passed out of such unrecognised Colleges and Schools are being entertained, encouraged and given better grades indiscriminately in preference to men duly qualified in British Medical Colleges and Schools by the now Senior Surgeon Dr. P.S. Achyuta Row of our Mysore State who is the first native Senior Surgeon to occupy the place.

Besides unqualified hands, such as, plucked students of the L.M.S. Course of Madras Medical College are employed direct into the first or highest grade of Sub-Assistant Surgeons rank. Thus the unqualified hands find better places and grades here, i.e., in Mysore State than the really qualified. Is the Government even though it is a native state authorised to employ unqualified

Medical

Medical Men for public service and that direct into highest grade in preference to qualified men already in service.

If this rule of employing unqualified men into Government service be continued we are sure that in the nearest future the Medical Department will be full of unqualified Medical Students of Madras and Bombay Medical Colleges etc. Then where is the necessity of a deplomed Medical Man. The Government can very well replace the duly deplomed Sub-Assistant Surgeons by unpassed candidates of Madras Bombay and other Medical Colleges, thus upsetting the old and hitherto existing order.

In view of the above facts we, the Sub-Assistant Surgeons who, after all, are your creation humbly and with great expectation look up to your esteemed self as the real upholder of our cause at this critical moment, although this be a Native State, still the Imperial Hand must also be felt here.

Hoping that these discrepancies in the Medical Department of Mysore State will kindly be very soon checked and rectified by your esteemed self.

We remain,

Most Respected Sir,

Your most obedient servants

The Sub-Assistant Surgeons

of Mysore State.

Bangalore.

Offg. Secretary to the Government of
H. H. the Maharaja of Mysore, Genl. and Rev. Deptts.,
Bangalore.

Sir,

In reference to your No.560/Med 6-12-3 dated 16th July 1912, forwarding for my remarks and information an anonymous letter alleged to have been sent by the Sub Assistant Surgeons of the State to the Director General, Indian Medical Service, I have the honor to state as under :-

1. Anonymous letter writers are usually men of the worst type and anonymous letters are only fit, in my opinion, to go to the waste paper basket.

2. It is quite true that I have under dire necessity, entertained a few L.C.P.S., & L.M.S., candidates from the National College of Calcutta. I am aware also of the fact that these diplomas are not recognised by the Government of India.

3. I shall only be too thankful however if either the Director General of the Indian Medical Service or the -- Surgeons-General of the different Provinces, could provide me with the requisite number of Sub Assistant Surgeons to fill up the vacancies that exist even now.

4. As it is, the Medical Department is greatly embarassed for want of a sufficient number of hands. Of those that were entertained during the past official year, five have resigned

Sir,

With reference to your No. 1743 Med. 37-12 dated the 9th Instant, I have the honor to forward the accompanying list showing the names, general educational qualifications &c., of the men passed out of the National Medical College of Calcutta, who have been entertained by me as Sub Assistant Surgeons.

2. The Dean of the said College not having furnished the requisite information, I had to get it from the Sub Assistant Surgeons themselves.

3. The names of the marginally noted Sub Assistant Surgeons shown already with others in the list sent to the Government with my letter No. 159 dated 22/24th October 1912, are now omitted, as No. 1 has also passed the Hospital Assistant's examination from the Royapuram Medical School, Madras, No. 2 has been entertained temporarily & No.3 has since resigned service.

med 6-12
SL-62

Sir,

As desired in your letter No.4029/Med 6-12-61, dated, 2-10-13, I have the honor to forward herewith a statement showing the names and certain other particulars of the several men that passed out from the National Medical College, Calcutta, and were taken on as Sub Assistant Surgeons in this Department. Column 7 of the statement contains extracts from the reports regarding their practical work and general efficiency, received from the officers under whom they have been serving. My own remarks are added in the last column.

2. As regards No.15, M.Madhavacharya, who was entertained only about 3 months ago and who has been on leave without allowances for a month during the period, it is too soon to give any opinion.

3. On the whole I am satisfied that in theoretical knowledge these men are in no way inferior with the average candidates turned out of the different Medical Schools in British India and they will all soon be well up in practical

work

work if only all the officers in charge of Hospitals wherein these young men work take some parental interest in them and teach them i.e., of course, if such officers are themselves well up in surgical work.

I have the honor to be,

Sir,

Your most obedient servant,

J. T. Ramaiah

Senior Surgeon, Mysore Government.
